B1/B2 Vocabulary Book

250 words with meaning, structure and examples

200 general words in 20 weeks, plus 50 Maritime English words in 10 weeks. Made for daily study, to move words from "I know" to "I use".

How to study every day (5 minutes)

1. Read the word, the meaning and the structure (1 min).
2. Say the example aloud 3 times (1 min).
3. Write 1 new sentence about YOUR life with the word (2 min).
4. During the day, try to use it once, in speaking or in your head (1 min).
5. Tick the box when you really can use the word.

Weekly rhythm

Mon to Fri: 1 new word per day (5 words per week). Each book week has 10 words, so it lasts 2 calendar weeks: Part A (first 5 words), then Part B (last 5 words).
Saturday: write 3 to 5 sentences using the words of the week. Use the lines at the end of each week.
Sunday: flashcards, or cover the Português and Meaning columns and test yourself (10 to 15 min). Repeat the words you missed.
Maritime words: 5 per week, in your Wednesday Maritime English session.

Tips

Learn the **structure**, not only the word (for example, "avoid + verb-ing").
A word is yours when you use it in speaking or writing, not when you only recognise it.
Every 4 weeks, review the older words. This book is a core list, not every word of English. Use your Grammar in Use and Vocabulary in Use units to add more.

Progress tracker

Tick each week when you finish it. Use "Speaking" and "Writing" when you use the words in a recording or a text.
